

Finish Sewing the Nine Patch Quilt Blocks

Complete the Quilt Blocks

G and H strip sets for the quilt blocks look very much alike, but the strips used to make H units are wider.

Cutting for G Strip Sets :-

1. Fabric 1 :

(2) $6\frac{1}{2}$ " strips cut from selvage to selvage.

2. Fabric 5 :

(2) $6\frac{1}{2}$ " strips cut from selvage to selvage.

Sew G Strip Sets :-

1. Sew a $6\frac{1}{2}$ " x selvage width Fabric 1 strip lengthwise to a Fabric 5 strip of the same size.

2. Press to set the seam and then press seam allowance towards Fabric 1.

3. The strip set should measure $12\frac{1}{2}$ " wide along its entire length. Each half of the strip set should be $6\frac{1}{4}$ " wide.

4. Make another strip set from remaining fabrics.

5. Square up one end of each strip set, and then cut a total of (40) 2" segments.
6. Refer to the photo, bottom left. Sew one G segment (vertically) to the left of the partial block Fabric 1 should be at the top left corner.
7. Sew another G segment (vertically) on the opposite side of the block, with Fabric 1 in the bottom position as shown.
8. Press seam allowances either way.

Cutting for H Strip Sets :-

1. Fabric 1 :

(2) 8" wide strips cut from selvage to selvage.

2 Fabric 5 :

(2) 8" wide strips cut from selvage to selvage.

One More Set of Segments

1. Sew an 8" wide x selvage width Fabric 1 strip lengthwise to a Fabric 5 strip of the same size.
2. Press to set the seam, and then press the seam allowance towards Fabric 1.
3. The strip set should measure 15 1/2" wide

along its entire length. Individual strips should be a consistent $7\frac{3}{4}$ " wide.

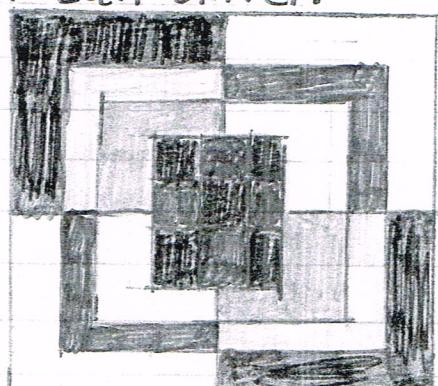

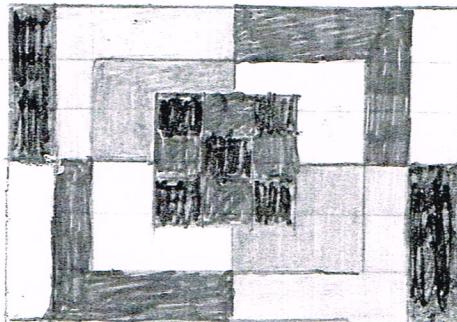

4. Use remaining strips to make a second strip set.
5. Square up one end of each strip set and cut a total of (40) 2" segments.
6. Sew one segment along the top of the block, with Fabric 1 on the left as shown in the photo, bottom right.
7. Sew another F segment to the bottom of the block, placing it in the opposite position (Fabric 1 to the right).
8. Press seam allowances either direction.
9. The quilt block should measure $15\frac{1}{2}$ " x $15\frac{1}{2}$ ".
10. Repeat to make a total of 20 quilt blocks.

That's it! The blocks can be sewn side-by-side after arranging them into five rows of four blocks each, but your quilt can differ.

Grand H Strip Sets

Sewn from same fabric's, but in different widths.
