

# Sail Boat Block

This makes a 12"  
block!

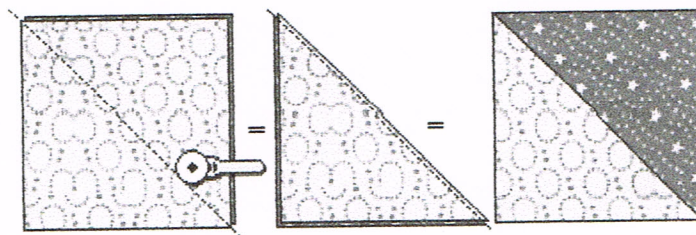

Please abide by  
the Terms and  
Conditions of  
use! :o)

## \*\* Preparing the Pieces and Sewing the Block \*\*

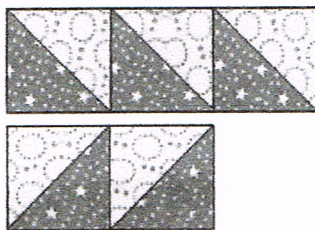

Stack the Color 1 and Color 2 4-7/8" x 14-5/8" strips with all edges aligned and cut into three 4-7/8" squares of each. Stack these and cut them once on the diagonal to make six small half square triangles of each. You only need five of each to make one block, so save the extras for another block or project. Using a 1/4" seam sew these half square triangles together in pairs to make five small half squares. Press seams to dark side. They should measure 4-1/2"...

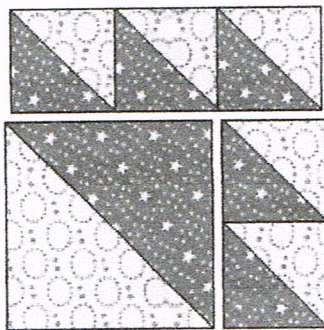

Next stack the Color 1 and Color 2 8-7/8" squares with all edges aligned and cut in half

once to make two large half square triangles of each. You only need one of each to make one block, so save the extras for another block or project. Using a  $\frac{1}{4}$ " seam sew these half square triangles together to make one large half square. Press to dark side. This should measure  $8\frac{1}{2}$ "...

Again using a  $\frac{1}{4}$ " seam allowance, sew one of each of the units shown at left using the smaller half square units...

Sew the shorter half square unit to the right of the large half square. Press seam to the outside. Add the longer half square unit to the top to finish up your block, pressing that seam to the outside as well. Congratulations on another block finished!

### **\*\* Supplies List \*\***

**Color 1** needs: one  $4\frac{7}{8}$ " x  $14\frac{5}{8}$ " strip AND one  $8\frac{7}{8}$ " square

**Color 2** needs: one  $4\frac{7}{8}$ " x  $14\frac{5}{8}$ " strip AND one  $8\frac{7}{8}$ " square
